How to setup the VPN client on a home laptop or PC

1. Open a browser window and go to https://vpn.duhs.duke.edu
2. Login using your NetID for the USERNAME, your NetID password for PASSWORD. The 2nd Password is the multi-factor authentication (MFA) number available via the Duo app.

3. Once login is complete, click the Instructions button.

4. Follow steps in the instructions, through to the last step. On the last step, you should enter the Duke VPN address dmvpn.duhs.duke.edu, then click Connect.
